AUTOMOBILES

Pile Up the Miles

Quality—that quality which induces the fastest racing drivers in the world to stake their lives on them—is built into

Nassau Tires

"All-Mighty Tough"

One record-breaking race wears and strains a tire more than you will in driving 5,000 miles around here. Get this "Surplus Service."

The Choice of Speed Kings

Bob Burman, Ralph De Palma, Eddie Rickenbacher, Ralph Mulford and such automobile "Speed Kings" prefer Nassau Tires. Such men must *know* tires are dependable before they choose.

Addressograph

PRINTS FROM TYPE

IT IS easy to install the ADDRESSOGRAPH—you send your list of names to this office, where an address plate is made up for each name. Or, you can make your own address plates with the Office Graphotype, a machine which embosses an address on a plate almost as quickly as it can be written on the typewriter.

The address plates serve as card indexes and are filed in steel drawers in any desired order in the same manner as cards in an ordinary card file. By means of sub-dividing tabs of any desired style, the address plates can be arranged and classified alphabetically, numerically, geographically, or in any desired manner.

Prints 50 to 60 Typewritten Addresses Per Minute

So efficient is the ADDRESSOGRAPH as a card index and constant reference file that many users have discarded card files and rely entirely on this system for maintaining their valuable lists.

More than 40,000 merchants and manufacturers in 239 distinct lines of business are saving time, labor and money, building business and increasing the efficiency of their office forces with the ADDRESSOGRAPH—you cannot afford to be without it.

The ADDRESSOGRAPH is used by manufacturers, wholesalers, department stores, dealers, banks and trust companies, real estate and insurance companies, public service corporations, government departments, associations, laundries and cleaners, commission merchants, brokers, publishers, and in all lines where a regular list of names is maintained and frequently addressed.

Tell us the size and nature of your regular list of names. Send us samples of the circulars, cards, envelopes and special forms you address from these lists. And without obligation on your part we shall tell you all about the ADDRESSOGRAPH for your needs and show you in dollars and cents just what it will save you.

OUR BUSINESS
We reduce your Gas Bill 15 to 30 per cent. by attaching our
Standard Automatic Gas Regulator
to the house gas pipe. This machine controls the pressure, prevents waste and blowing and lessens breakage of globes, chimneys and mantles.
On notification we stop leaks and flickering of lights, furnish new tips and burners free whenever necessary.
The monthly charge includes the above service and use of our regulator.

Addressograph

PRINTS FROM TYPE

IT IS easy to install the ADDRESSOGRAPH—you send your list of names to this office, where an address plate is made up for each name. Or, you can make your own address plates with the Office Graphotype, a machine which embosses an address on a plate almost as quickly as it can be written on the typewriter.

The address plates serve as card indexes and are filed in steel drawers in any desired order in the same manner as cards in an ordinary card file. By means of sub-dividing tabs of any desired style, the address plates can be arranged and classified alphabetically, numerically, geographically, or in any desired manner.

Prints 50 to 60 Typewritten Addresses Per Minute

So efficient is the ADDRESSOGRAPH as a card index and constant reference file that many users have discarded card files and rely entirely on this system for maintaining their valuable lists.

More than 40,000 merchants and manufacturers in 239 distinct lines of business are saving time, labor and money, building business and increasing the efficiency of their office forces with the ADDRESSOGRAPH—you cannot afford to be without it.

The ADDRESSOGRAPH is used by manufacturers, wholesalers, department stores, dealers, banks and trust companies, real estate and insurance companies, public service corporations, government departments, associations, laundries and cleaners, commission merchants, brokers, publishers, and in all lines where a regular list of names is maintained and frequently addressed.

Tell us the size and nature of your regular list of names. Send us samples of the circulars, cards, envelopes and special forms you address from these lists. And without obligation on your part we shall tell you all about the ADDRESSOGRAPH for your needs and show you in dollars and cents just what it will save you.
